- Birthday month and date (Just go over - focus in Grade R)
- **Counting In 1's from 1 to 10 then count backwards from 10 to 1**
- **Colours Red, yellow, green, blue and black**

Monday

Explain to your child what Coronavirus is. You can't see it. It's a dangerous sickness. You can get it anywhere as you don't see it.

Tuesday

How do you try to avoid this pandemic? You must wash your hands regularly with soap and water or use sanitiser. You have to wear a mask more especially when you are in public places. Keep a distance to other people at all times wherever you are. Do not hug or shake anyone's hand. Stop touching other children's hair. When you cough or sneeze cover your mouth or using the inside of your elbow. If you use a tissue, please make sure that you throw it in the bin and wash your hands with soap and water

Wednesday

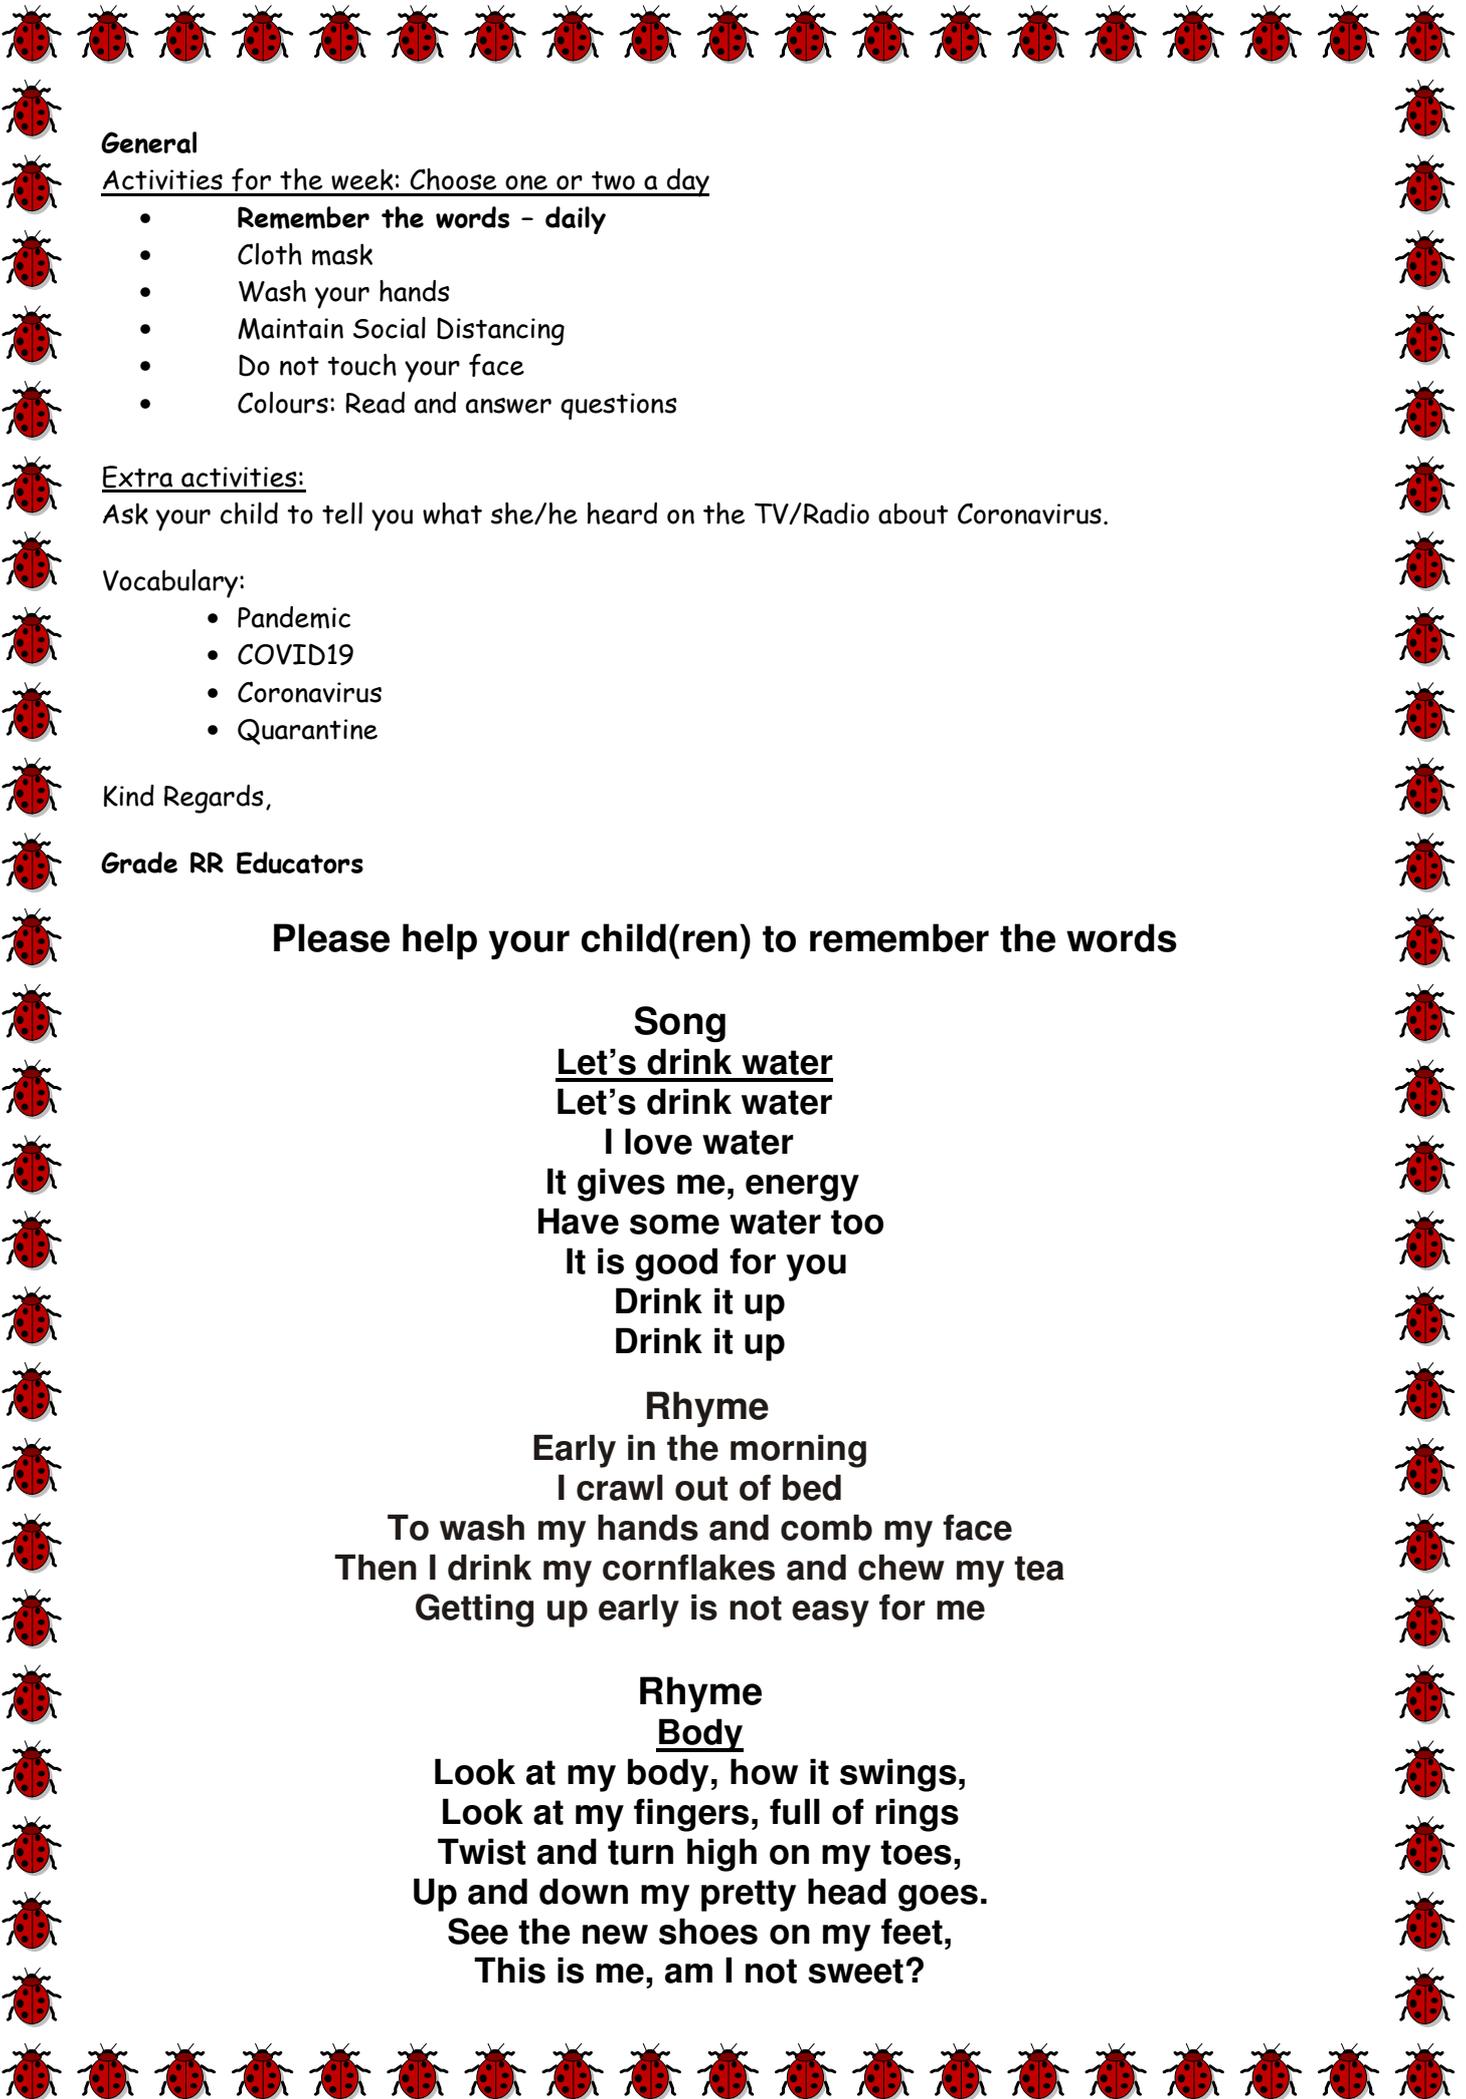

Where and how do you get infected by Coronavirus? There's no specific place of this pandemic. It is everywhere. If a person is infected and they cough, sneeze in your face without covering their mouth and nose. Or if a person is infected and you touch the things that they used and then you touch your face, without washing your hands first.

Thursday

What do you do when you are infected? Mostly you won't know until the doctors check and do some tests. Then if you are positive you must be isolated away from your family for fourteen days (quarantine) or more to get treatment. Doctors also check or trace your family to see if they are also infected as they were with you all the time. Then your home must also be sanitised and cleaned to get rid of the virus in order for it not to spread more.

Friday

What are the symptoms of a person who is infected? Explain to your child that not everyone who coughs, and sneeze has the virus, as they are going to interpret it wrong. Doctors are the only people who can tell you that you are infected, with COVID 19. None of us are allowed to tell a person that you have Coronavirus.

**General**

Activities for the week: Choose one or two a day

- Remember the words - daily
- Cloth mask
- Wash your hands
- Maintain Social Distancing
- Do not touch your face
- Colours: Read and answer questions

Extra activities:

Vocabulary:

- Pandemic
- COVID19
- Coronavirus
- Quarantine

Kind Regards,

Grade RR Educators

**Please help your child(ren) to remember the words**

**Song**

Let's drink water

Let's drink water

I love water

It gives me, energy

Have some water too

It is good for you

Drink it up

Drink it up

**Rhyme**

Early in the morning

I crawl out of bed

To wash my hands and comb my face

Then I drink my cornflakes and chew my tea

Getting up early is not easy for me

**Rhyme**

Body

Look at my body, how it swings,

Look at my fingers, full of rings

Twist and turn high on my toes,

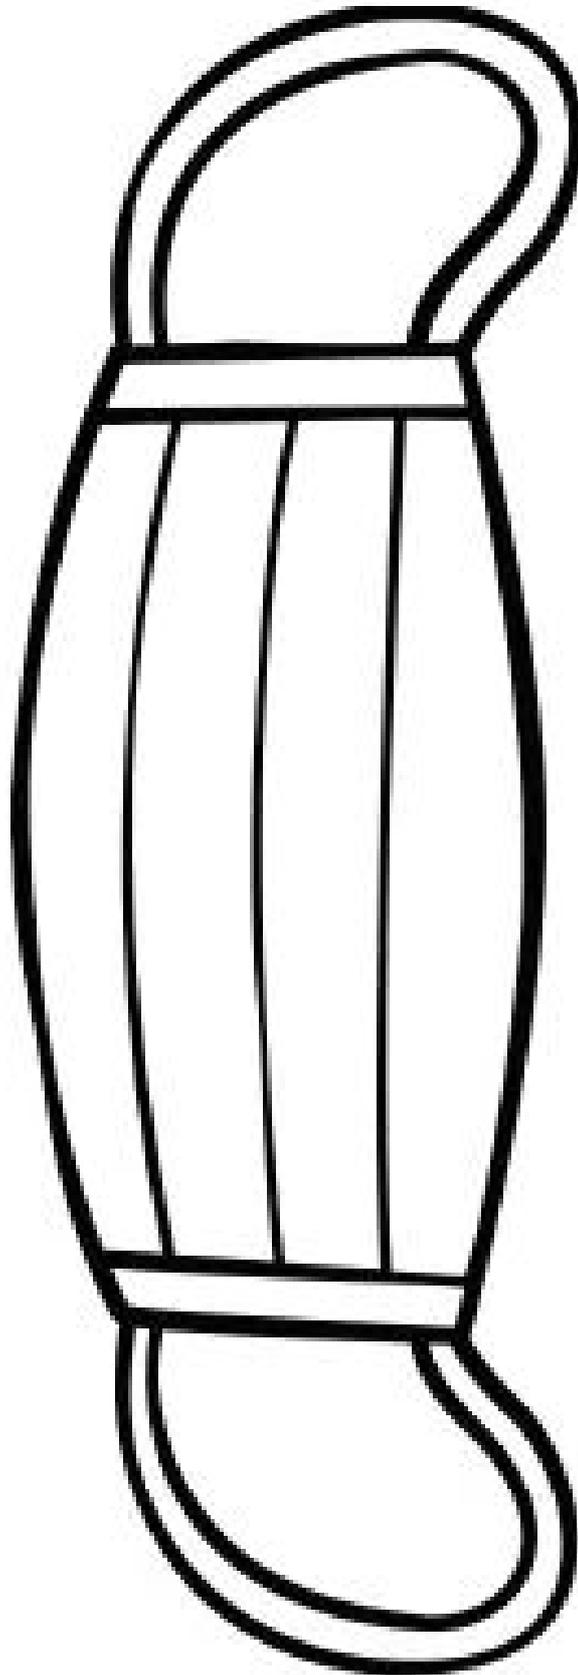

Up and down my pretty head goes.

See the new shoes on my feet,

This is me, am I not sweet?

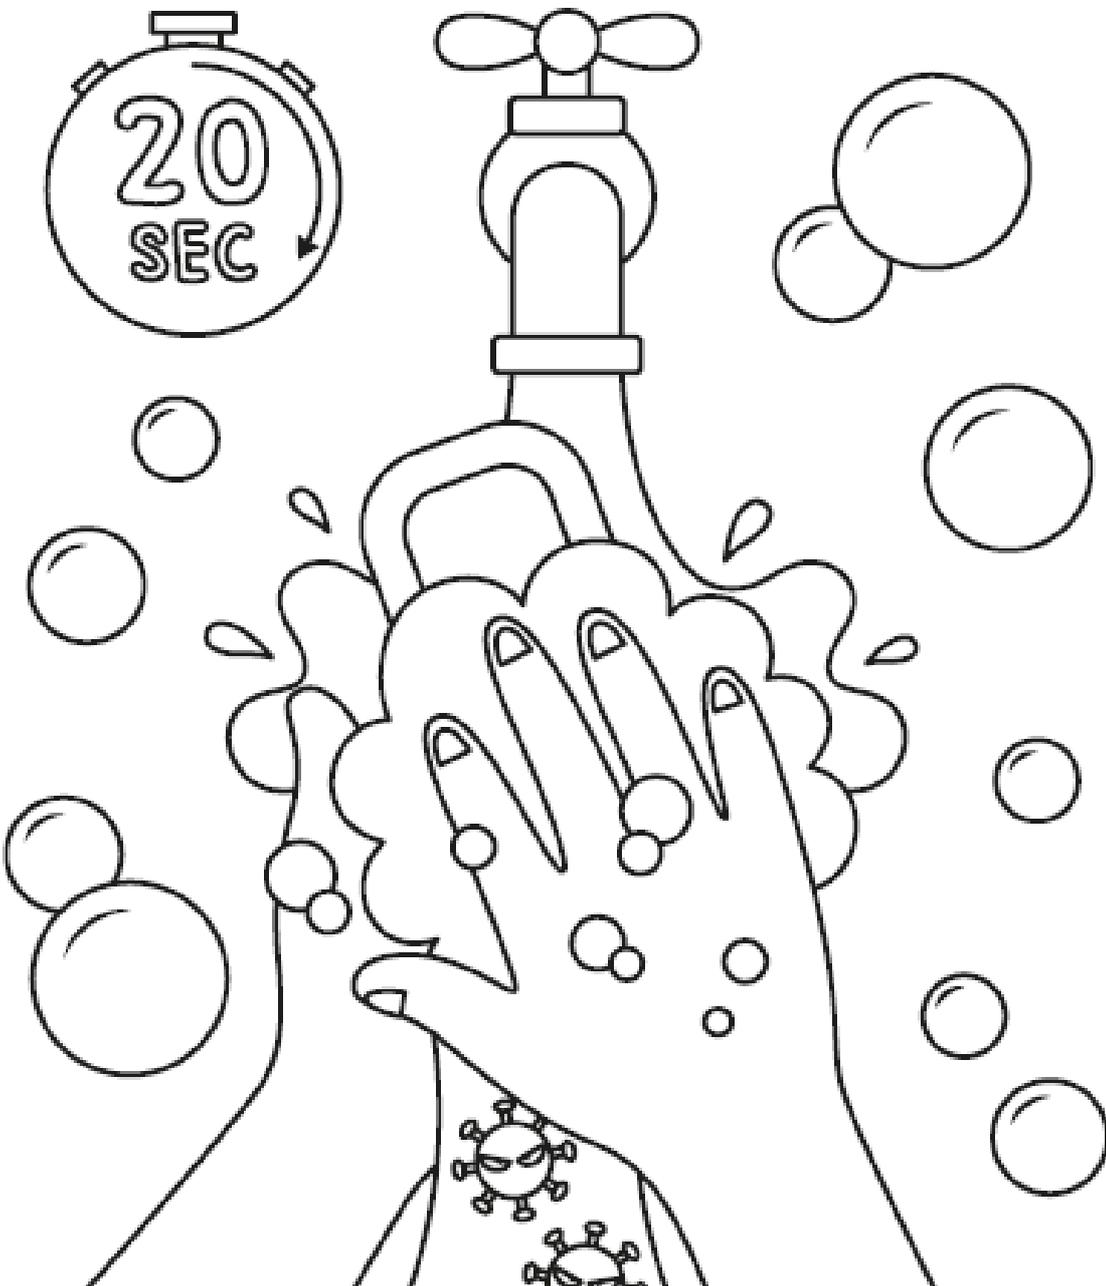

**Design and colour in this cloth mask.  
Using only the following colours: Red, Yellow, Green, Blue and Black.**

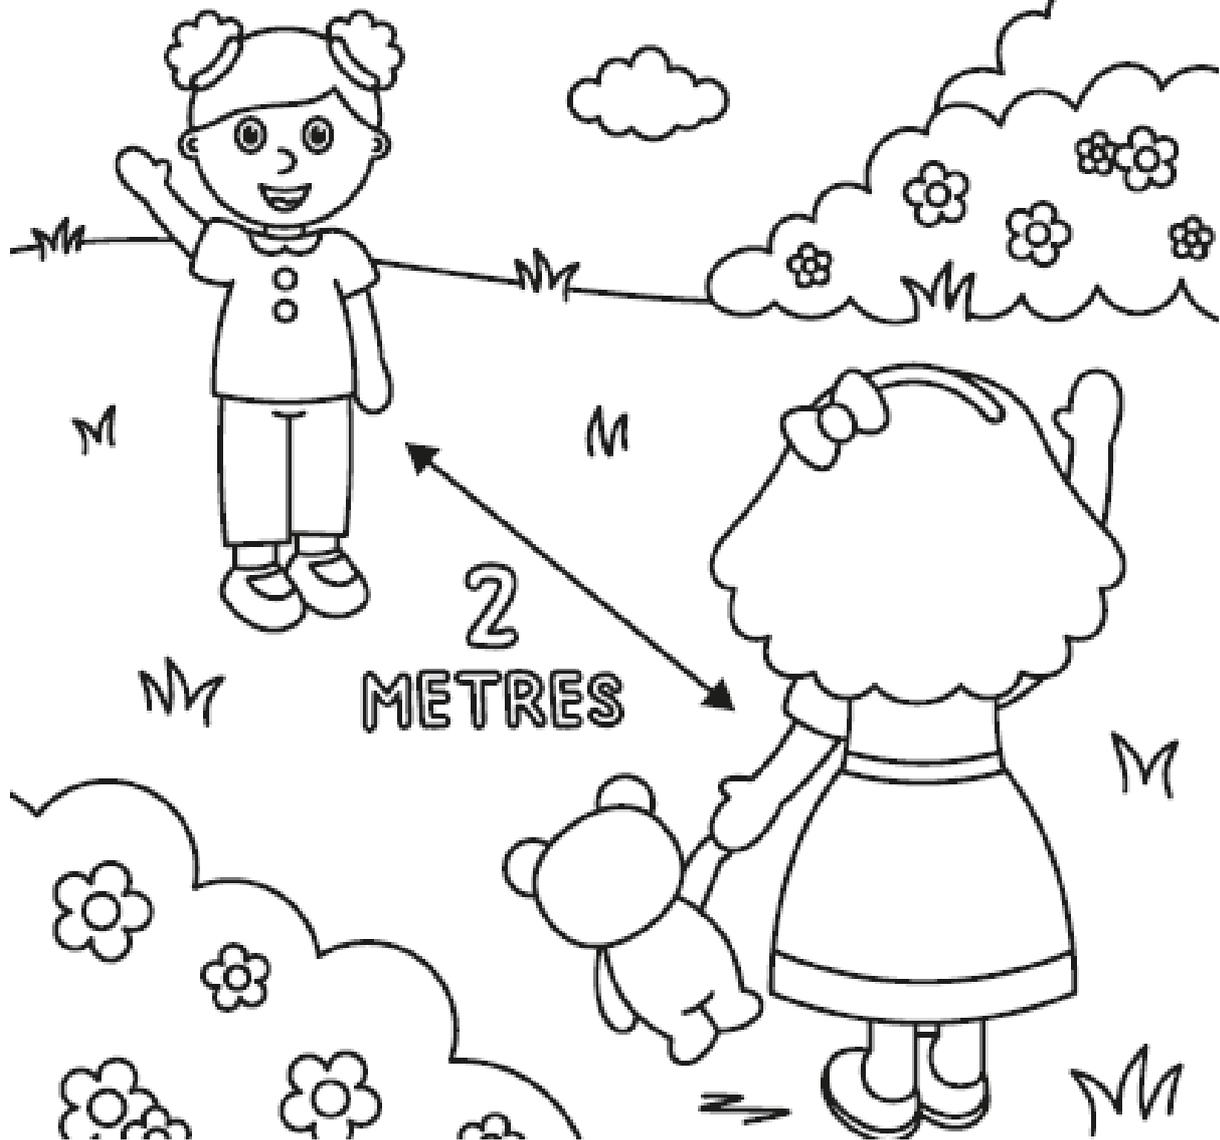

Discuss this picture.  
Colour in this picture.  
Ask your parents if you can place it somewhere to remind everyone to wash their hands.

# WASH YOUR HANDS

Discuss what is happening in this picture.  
Why is it important to stand between 1.5 meters to 2 meters apart?  
What did the girl forget to wear on her face? (Answer: A cloth mask)  
Colour in the pictures.  
Ask your parents if you can place it somewhere to remind everyone  
to maintain a social distance.

# MAINTAIN SOCIAL DISTANCING

What did this boy forget to wear on his face?

What did he do wrong in this picture?

Why must he not touch his face?

When is it safe to touch his face?

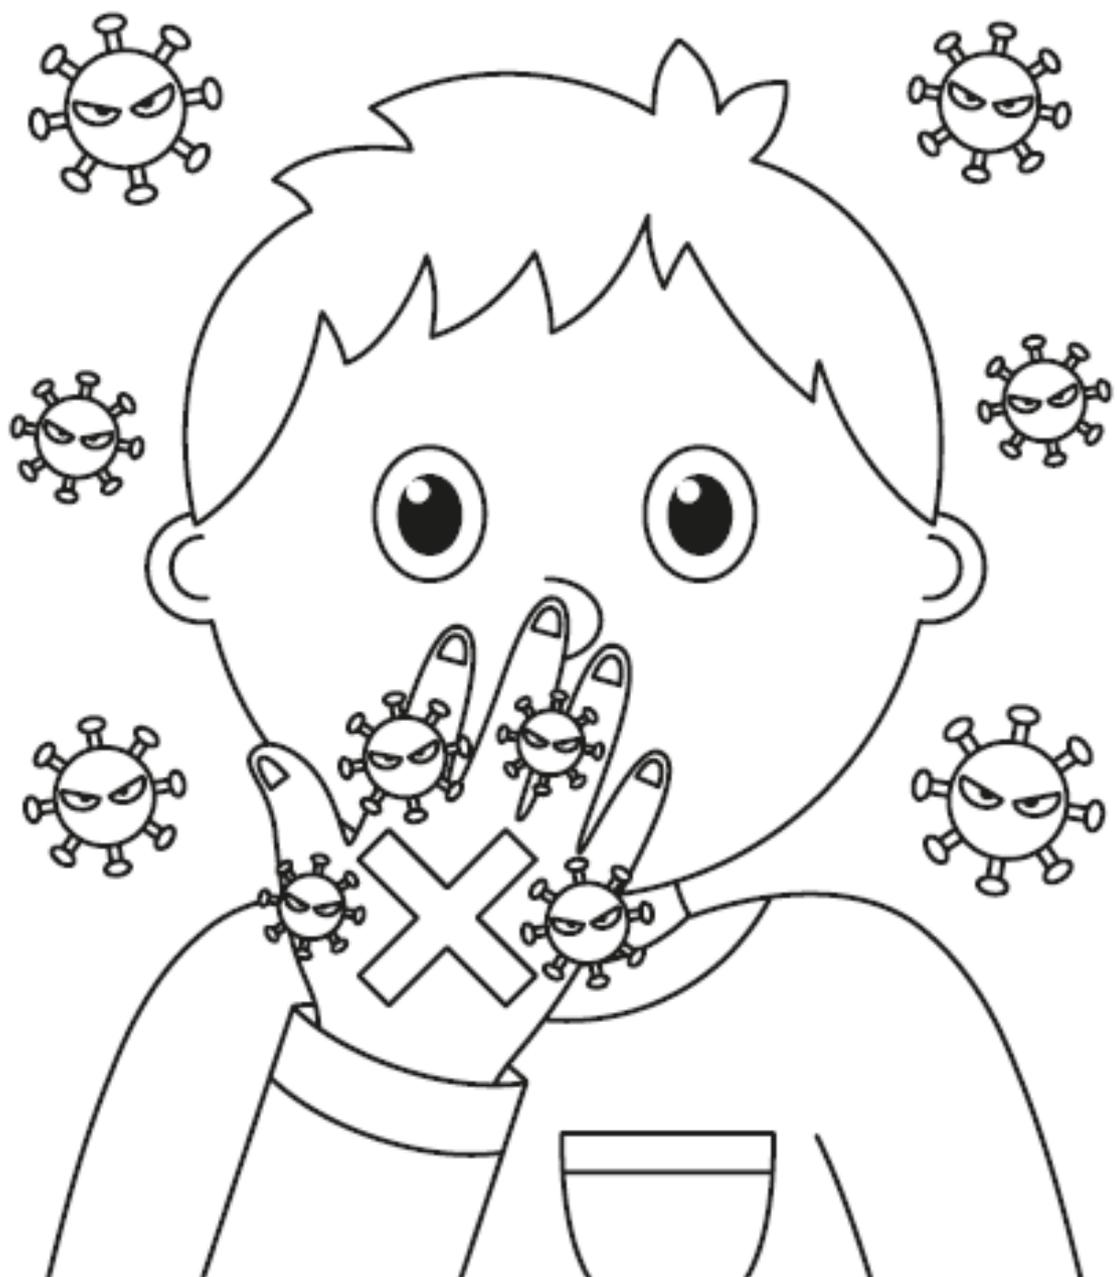

Colour in the picture.

Ask your parents if you can place it somewhere to remind everyone to avoid touching their face unless they have just washed their hands.

# AVOID TOUCHING YOUR FACE

Read the following Greeting Rhyme.  
Answer the 8 questions.

1. What colour is the polar bear?
2. Which animal is green?
3. What colour is the sweet?
4. Which animal can hop?
5. Which animal is grey?
6. What colour are the spots on the ladybug?
7. What colour is the butterfly's body?
8. What colour is the sunflower's petals?
